For our deployed Marines & Sailors

We will change oil in any deployed members family car FREE, they will of course have to supply their own oil and filter. We will also help with light maintenance and do safety check in support of our deployed troops. Appointments are appreciated!

For the Do-It-Yourself enthusiast, we offer state of the art equipment, five indoor bays, an outside work area and a paint booth. For the most troublesome automotive problem, or just routine maintenance, comprehensive repair manuals are available along with assistance from our professional staff. Those wanting more assistance are now able to take advantage of our highly skilled staff, as we are now able to offer minor repair services. From tires and oil changes to radiator and a/c servicing, please contact the Auto Skills Center for a more complete list of services and pricing.
